WILL DIRECT DRIVE

JOS. JACKSON, JR., TO HEAD RED CROSS DRIVE

5 COUNTIES INCLUDED

Nodaway, Atchison, Worth, Harrison and Gentry Will Comprise District 1 for the State

Joseph Jackson, Jr., cashier of the First National bank, has been appointed and has accepted the chairmanship for District 1, comprised of the counties of Nodaway, Atchison, Worth, Gentry and Harrison, to direct the campaign for the next Red Cross drive, set for the week of May 20-27. In his message urging acceptance of the position, J. L. Johnson of St. Louis, district chairman for the second war fund campaign, says:

"The second war fund of the American Red Cross, for the purpose of raising 100 million dollars, will take place May 20 to 27, inclusive. The allotment of the southwestern division is $7,500,000, and that of Missouri, $2,000,000. I am chairman of the division committee. The Missouri committeeman is L. Ray Carter of St. Louis. Mr. Carter and myself have districted Missouri into nineteen districts. Number 1 includes the counties of Atchison, Nodaway, Worth, Harrison and Gentry. Each chapter will have its war fund manager. Our plan is to appoint a division field representative having general supervision over each district. After consultation with Mr. Carter and other prominent men in your section and St. Louis, I have decided that you are the one logical man to be division field representative in the first district.

"As division field representative your duties will be to see that your entire district is properly organized along the plans which we have formulated in division headquarters and which we will explain in detail to you. You will work in connection with the division officer, reporting primarily to State Committeeman Carter.

"As a patriotic duty and as a great privilege I earnestly urge you to accept this appointment, firmly believing that in assuming this great work you will become an important factor in one of the prime movements of this country in our efforts to win the war.

"I realize this is a distinct sacrifice, but the great results must be accomplished by the sacrifices of the busy men of affairs of our country. Will you kindly wire your acceptance of this responsibility?"

Mr. Jackson immediately sent his acceptance and assurance of his desire to be of service. He will plan the organization of the five counties as soon as further information is received from division headquarters.

COLE CO. COURTHOUSE BURNS

Volunteer Fireman Fatally Injured When He Jumped From the Third Floor of the Burning Structure

Jefferson City, March 15.—The Cole county court house, which was constructed in 1896 at an approximate cost of $60,000, is in ruins today as a result of a fire, caused from the ignition of electric wires in the cupola of the building. Fanned by a high wind the fire spread rapidly and the entire block, which houses the Carnegie Library, was in danger of destruction. The main walls of the court house are standing, but the interior is destroyed. The loss is covered by insurance of $80,000.

Eugene Cox, a railroad man, who had volunteered to save property, was perhaps fatally injured when he jumped from the third floor of the building. He was shut off from escape by the stairway.

'FORTUNE HUNTER' MADE $61

Proceeds of Play by Friendship Class Y. M. C. A. Fund Invested In War Savings Certificates

The recent production of "The Fortune Hunter," under the auspices of the young men of the Friendship class of the First M. E. church, netted the Y. M. C. A. fund $61.65. L. B. Tracy, teacher of the class, at once invested the sum in war savings certificates, making the purchase through Chas. D. Bellows, Jr. The boys have been asked to repeat the play after Lent, but no decision has been reached in regard to the matter.

DEATH OF MRS. SARAH LOY

Had Been a Resident of Maryville for Many Years—Funeral Services Will Be Held Tomorrow

Mrs. Sarah Loy, 78 years old, and for years a resident of Maryville, died at 3:30 o'clock yesterday afternoon at her home on East Seventh street. Mrs. Loy had been in poor health for several months but only seriously ill for a couple of days. She is survived by one son, John Loy of Maryville, and a daughter in California. One granddaughter, Mrs. R. W. Bailey, also of Maryville.

Funeral services will be held tomorrow morning at 10 o'clock at the residence, conducted by the Rev. T. H. Wiles. Burial will be in the Swinford cemetery.

TIBBELLS TRIAL IS STILL ON

Attorneys In $10,000 Damage Suit Case Go Into Minute Detail Regarding Manner of Death

The damage case of Mrs. Anna R. Tibbells, who seeks to recove $10,000 from the Chicago Great Western railroad for the death of her husband, Thomas C. Tibbells of Sheridan, is being heard in circuit court today with indications that it will consume most of the time of the court tomorrow. Attorneys on both sides are going into minute detail regarding the manner in which Mr. Tibbells met his death and a large chart on which are shown the streets of the town adjacent to the spot where the accident occurred, together with drawings of the scene are being described to the jurors.

But three witnesses in the case had been examined shortly after noon today.

HONOR FOR SCOUTS

TO GET WAR SERVICE EMBLEMS AT PUBLIC CEREMONY

CITIZENS TO TAKE PART

Presentation Will be Made at Patriotic Meeting Next Tuesday Night at the First Methodist Church

Seven members of Troop I, Maryville Boy Scouts, will be given pdblic recognition at a patriotic meeting to be held at the First M. E. church next Tuesday evening, of service for the government, when they will be presented with war service emblems as reward for work done in the second Liberty Loan campaign. Each of the seven Scouts sold Liberty Bonds to ten or more persons, each being awarded a war service medal by the United States government.

The Scouts to receive emblems are: Francis Burris, Floyd Cook, Truman Landon, Gerald Keef, Townsend Godsey, Jack Jones and Orena Masters.

The program in connection with the presentation will include an address by Rev. Gilbert S. Cox, pastor of the First M. E. church, S. G. Gillam of the Gillam-Jackson Trust Co., and others. The emblems will be presented on behalf of the government by F. P. Robinson.

Besides the address there will be patriotic songs by a male chorus under the direction of Marcus T. Nielsen, also instrumental music. Members of the local G. A. R. post, together with other civic bodies, will be asked to attend. Members of the Boy Scouts, nearly forty in number, will attend in a body.

In a letter to Scoutmaster A. M. Crooke, accompanying the war service emblems, James E. West, chief Scout executive for the United States treasury department, says:

"As to the distribution of these emblems, it is very much hoped that you will respect the wishes of the treasury department and arrange for their presentation at the time and in the manner which will most likely result in producing the greatest amount of enthusiasm, first, among our own boys, and secondly, the general public. The purpose of this publicity should be, not to advertise the Boy Scouts of America, but to help the third Liberty Loan."

A complete program for the ceremony will be completed and given in Saturday's Democrat-Forum. It is expected the people of Maryville will take this opportunity to show their appreciation of the work the Scouts are doing in their effort to help win the war and to encourage them in the interest of the third Liberty Loan campaign, which begins on April 6.

With this purchase, and the land Mr. Wright has on the south side of the road near this farm, it gives him 570 acres. Mr. Wright is now the owner of all of the old Frank Bellows farm. Ditto Bros. will remain on the farm and continue in business as formerly.

A SPECIAL MEETING

CITY COUNCIL TO ACT ON PUBLIC LIBRARY TAX LEVY

REDUCTION IS FAVORED

Action Tonight Will Decide Whether Vote Will Be Taken at Coming City Election

A special meeting of the city council has been called for this evening for the purpose of considering the proposition of submitting to the voters a reduction of the tax levy for library purposes. Members of the library board are invited to attend this meeting.

With the increased assessment for tax purposes this year the library would receive a fund of about $8,000, where previously $2,400 had been received. Mayor Robey and some of the members of the council are in favor of reducing the library levy from one mill, which it has been, to one-half mill. This would give the library a fund of some $4,000 which it is believed will be ample for that purpose.

It is necessary for the proposition to be voted on by the voters and it can only be done at the regular city election. A fifteen day publication notice is necessary, so action will have to be taken tonight.

It is not known what action the state board of equalization, which has been in session in Jefferson City, will take in regard to the assessments of the counties of the state. Their decision probably will not be known until after the regular city election. In case the one-half a mill levy should carry and the state board of equalization should not adopt the assessment as turned in for this township then the council could make up the difference in this fund by appropriating money from their general revenue fund.

Mayor Robey believes the library should receive sufficient funds, but he is not in favor of them getting over three times what they have been paid when the city is needing money so badly for improvement work.

GARRETT WILL RUN

WELL KNOWN CITIZEN ANNOUNCES FOR MAYOR

ROBEY NOT CANDIDATE

The Only Contest In Coming Election Will Be For the Office of Marshal With Four Candidates Out

W. O. Garrett announced today his candidacy for mayor of Maryville subject to the action of the voters at the city election, April 2. In a statement to the Democrat-Forum, Mr. Garrett says:

"After having given the matter most careful consideration, I have decided that I cannot refuse to respond to the call made upon me by the large number of petitioners and others asking me to become a candidate for Mayor of Maryville, and I hereby announce my willingness to accept the office if that be the verdict of the voters at the April election. If I am chosen to this important office I shall do all in my power to give the city a clean administration.

"W. O. GARRETT."

Mr. Garrett will be the only candidate for that office. Mayor Arthur S. Robey has announced he will not seek re-election. Mr. Garrett was requested to run by a number of the business men and citizens.

There are five members of the city council to be selected at the election. James Stewart will run from the first ward. In the second ward Dick Strong and L. L. Maier have been mentioned, Maier to succeed himself and Strong to succeed O. O. Howard, who has moved from the second ward. J. A. Speirs has announced his candidacy for alderman from the third ward to succeed James F. Colby. In the fourth ward Aaron Felix and George J. Moore have been suggested. Roy Martin goes off the council from the fourth.

The candidates for city collector are W. A. Burris and Frank Martin.

The contest for city marshal promises to be a close one. There are four candidates announced so far, bein E. E. Tilton, Purl Edwards, Mike Liston and Albert Mercer.

THEY WANT STATE BUILDING

John H. Dooley, at Camp Funston, Says Bands Will Go On Tour In Interest of Missouri Home

That the Missouri boys at Camp Funston are anxious for a state building is evidenced in a letter from John H. Dooley of the 356th regiment band to Fred J. Yeomans, county clerk. Dooley writes as follows:

"March 11, 1918.

"Dear Sir:—I thought I would write you a few lines. I am feeling pretty good now. I was in the base hospital about two months with the measles and mumps. I am still in the 356th regiment band here and just getting so I can play again. Some of the other bands here are going on tour, and there are also state buildings here but Missouri has none yet. I thought I would write to you and maybe you could help us out some by speaking a good word for us, as we are all from Missouri. We are to have a mass meeting of all the bands at the Y. M. C. A. auditorium Wednesday morning. There will be about 350 musicians from all the bands there and we will try and do our best. I would like to get a pass and come home pretty soon but don't know whether I can get one now or not. We were out this afternoon drilling with litters and we have about three hours a day, ten or twelve hours a week, with them.

"Well, I will close for this time as it is about bed time.

"Yours truly,

Washington, Mar. 15.—Major General Georgas carried his fight to improve the army's health to congress today. Going over the head of the secretary of war, the general staff and the army war college, Surgeon General Georgas testified before the senate military affairs committee that there had been much friction over the reorganization of the medical corps. Senator Robert L. Owen of Oklahoma informed the committee that President Wilson sided with the surgeon general in his efforts to secure better conditions at the training camps and throughout the army.

NEW "DISEASE" AT FUNSTON

Patients Dream of Rippling Brooks and Fishing Poles—Malady Prevalent Throughout the Camp

Camp Funston, March 15.—"Spring fever," a new epidemic, has become prevalent at this cantonment and has affected officers as well as enlisted men. Division Surgeon Lieut. Col. J. L. Shepard declares there is no medicine that seems to have any effect on the men. Those afflicted with the "disease" become drowsy and their pedal extremities seem loth to perform their work. Walking becomes a task; in fact, movement of any sort takes great effort.

The spring fever also effects the soldier's mind, the patients dreaming of rippling brooks, fishing poles and bait and a grass-carpeted bank on which to rest their weary limbs.

Another definite sign of the malady is the fact that every few persons one meets is nibbling on an ice cream cone or indulging in a cold drink of some kind.

Civilian workers in the camp are also showing signs of the disease.

RUSSIAN CONGRESS AGREES TO GERMAN MADE TERMS

ACTION NOT A SURPRISE

Majority of Members of Soviet Bodies Are Pacifists—War Situation Is Further Complicated

Special to The Democrat-Forum.

Washington, March 15.—Unofficial reports that the Russian Soviet congress, in session at Moscow, had ratified the German-made peace treaty reached here today. The report caused disappointment in official circles although it had been generally accepted that this action would come, inasmuch as a majority of the members of the Soviet congress are pacifists. In the absence of an official report from Ambassador Francis officials early today refused to discuss the situation. It was generally accepted that if the report were true that it has seriously increased the danger of Japanese intervention in Siberia. It has also greatly complicated the general war situation, as it does not help the German occupation of Odessa.

POULTRY MEETING MARCH 22

R. L. Mason of the Food Administration Will Speak at High School to Chicken Breeders

One of the three poultry meetings to be held under the direction of the State University Extension department, with Ralph L. Mason as speaker, will be held in Maryville on the evening of Friday, March 22, at the high school. The food administration is urging the cultivation of poultry as a cheaper and satisfactory substitute for meat.

Poultry offers an opportunity for every one to help increase our food supply for home consumption, especially the boys and girls and women of the farms and villages. Ralph L. Mason, extension poultry husbandman of the U. S. department of agriculture, is co-operating with the University of Missouri in carrying out a systematic and thorough campaign this year to increase the poultry production in Missouri.

Mr. Mason will speak, especially this time, on the necessity of hatching during March and April to produce profitable winter layers and its relation with regard to increasing the annual egg production. Wherever possible an illustrated lecture on incubation and brooding will also be given.

TO RUSH MEN ACROSS

ORDERS ISSUED TO SPEED UP SENDING TROOPS TO FRANCE

NEVER IN BETTER TRIM

All Former Records In Preparation to be Smashed by the Work to be Done This Spring

Washington, March 15.—New orders have gone forth to speed up the sending of troops to France.

In consequence the national army, made up of men of the selective draft, are to be dispatched to Europe as fast as ships are available to transport them.

Paving the way, the war department announces the beginning of a widespread shakeup in the commanding generals of the selective troops.

No general officers are to be sent "across" that are unfit to stand the rigors of service at the front.

As a result eight general officers including five division commanders have been named by Major General Peyton C. March, acting chief of staff, as having failed to meet the physical requirements. They are to be returned to their grades in the regular establishments, relieved of their commands of the national army and assigned to stations this side of the Atlantic.

The orders to speed up are reported to have resulted from fresh appeals on the part of the Allies for more American forces to help withstand the shock of the expected German offensives. France, particularly, is said to have renewed her urgings in this respect. For this no definite official confirmation could be obtained.

"The whole movement across," said General March, "is being speeded up as rapidly as possible."

All Records Being Broken.

The war machine has taken a big leap forward. Simultaneously with the big shakeup in commanding generals and an announcement of intention to speed up of the transportation of the selective army to France, cheering news broke out in all sections of the capital concerning the prospects ahead.

All former records in preparations are to be smashed. Many forebodings as to the ability of the United States to get its forces across are being dispelled.

From shipping board quarters and from high diplomatic sources come assurances that the transportation situation is rapidly clearing up.

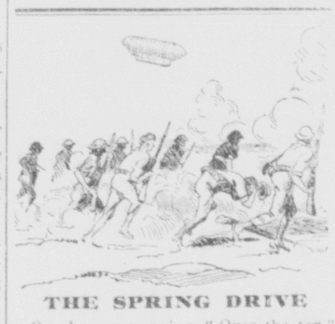
Supplies for the army—food, clothing, shells and guns—are beginning to pile up in prodigious amounts.

In the next twelve months half a billion dollars is to be spent by the war department in the erection of huge storage depots to accommodate the rapidly accumulating material. Six of these are to be erected along the Atlantic coast. Thirty interior depots are to go west of the Alleghenies. Huge assembling warehouses for aeroplanes are to be built on the seaboard whence planes are to be shipped across to the fighting front.

Plants for the manufacture of gas shells, flame hurling devices and powder are to be built in huge proportions.

The house naval affairs committee having surveyed everything that the American navy has done since the United States entered the war, brought out a report declaring that the floating force of the United States was never in better trim.

Germany is better off for food than any ally in Europe. Germany is reaping the entire wheat crop of Rumania, Poland and Siberia and taking it home, leaving the Rumanians, Belgians, and Poles to starve. She has used the Russian prisoners to plant it; she has four million men to do that work.



THE SPRING DRIVE

Our boys are going "Over the top" and into "No man's land" this spring. No one has any doubt of their ability to get there. There will also be a spring drive on this side of the ocean, because March is the year's "blue Monday." It is the most fatal month of the year. March and April is a time when resistance usually is at lowest ebb. It is a trying season for the "run-down" man. But medical science steps in, and says, "it need not be"! We should cultivate a love of health, a sense of responsibility for the care of our bodies. Do not allow the machinery of the body to clog. Put the stomach and liver in proper condition. Take Dr. Pierce's Golden Medical Discovery, to be had at most drug stores in tablet or liquid form, tablets sixty-cents a vial, composed of native herbs. This puts the stomach and liver in proper condition. You may be plodding along, no spring, no elasticity, no vim, but as soon as you have put the body into its normal physical condition—oiled the machinery, as it were—you will find new vim, vigor and vitality within you. A little "pep" and we laugh and live. Try it now. Send Dr. Pierce, Buffalo, N. Y., 10c for trial package. A little energy will save the day. The prime necessity of life is health. With spirit and energy you have the power to force yourself into action. The Golden Medical Discovery is the spring tonic which you need.

SMALL BROILERS ARE DOOMED.

New Poultry Rule Does Not Apply to Those Weighing Two Pounds

Columbia, March 15.—The United States food administration has notified all state food administrators the prohibition against the sale of live or freshly killed poultry does not apply to broilers weighing two pounds or less each.

The prohibition against the sale of poultry was put in force in an effort to increase the potential egg production of the country. It remains effective until April 30. This was done to prevent rapid disintegration of the poultry industry by the selling of laying hens.

MAY USE RYE UNTIL MARCH 31

But After That Bakers Must Obtain Other Substitutes

Columbia, March 15.—Bakers may continue to use rye flour as a wheat flour substitute in Victory bread until March 31, but not beyond that date. In making this announcement recently the United States food administration advised bakers using rye flour as a substitute to obtain other wheat flour substitutes to take its place, as no further extension of the period within which rye flour may be used as a substitute will be granted.

In the baking regulations issued February 1, the use of rye flour as a substitute was limited to March 2. The extension to March 31 was granted on account of the scarcity of other substitutes in some localities.

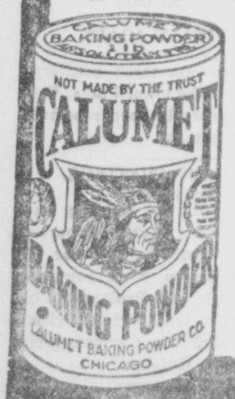
Don't try to save money buying cheap or big-can Baking Powders. You can't do it. You'll throw out more in spoiled bakings than you save on price of the powder. And don't think that old style high priced powders are best because they *cost* most. They are *not*.

CALUMET BAKING POWDER

has proved in millions of bake-day tests that it is the best baking powder ever made—that's *why* it is the biggest selling baking powder in the world today. No other baking powder makes such temptingly good—tender wholesome bakings. No baking powder of anywhere near the same quality is sold at such a low price.



You use less of Calumet—because it *is* the highest grade baking powder. One teaspoonful is equal to *two* teaspoonfuls of most other brands.

And there is no *"luck"* about it *when* you use Calumet. No loss. It is absolutely sure. It is the most economical of all. Millions of housewives use it—and so do leading domestic science teachers and cooking experts.

You save when you buy it—You save when you use it

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

A MODERN MERCANTILE ESTABLISHMENT

WE HAVE REMODELED OUR STORE, and now have one of the most modern retail groceries in the middle west. This was not only necessary in view of our ever-increasing business, but we have felt for some time that the improvement was due our trade that we might give them better service.

THE CUSTOMER'S ROOM

Has been enlarged and shelving extended until all goods are displayed in the best possible manner, each line being by itself so as to make selections easy. Every convenience is offered the customer, besides the services of a number of clerks who are glad to show goods and tell you about them at any time.

THE ORDER DEPARTMENT

Is especially well equipped for receiving telephone orders, and the same care is given the filling of such orders as though the customer came to the store in person.

IN FANCY GOODS

We have a complete line of fine canned fruits, meats, sea foods, lunch goods, and fresh fruits and vegetables. Also a complete stock of SPRAGUE, WARNER & CO'S. BATAVIA BRAND PRODUCTS. In this line we try to anticipate the appetites of our trade and carry only the most delicious goods—always fresh and sweet.

THE PROVISION DEPARTMENT

Contains a very large stock of staple groceries in the leading brands, and is complete in every detail. You could hardly think of anything in high-grade provisions not to be found here.

CROCKERY DEPARTMENT

We pride ourselves on our crockery and glass room. We have the largest stock of chinaware in the county, and the only exclusive line of open-stock dinnerware. Everything from a single dish to a complete dinner set will be found here.

SUPERIOR SERVICE

These facts coupled with the experience we have gained in handling our ever-increasing patronage, make our service as nearly perfect as possible. You will have very little waiting to do, and whether you visit the store in person, or make your order by telephone, it will always be our endeavor to make your purchase entirely satisfactory to you.

Demonstrations for Thursday, Friday and Saturday March 21, 22, and 23, 1918

Batavia Coffee Demonstration

MISS BIGLEY, OF SPRAGUE, WARNER & CO., CHICAGO, will be at the store Thursday, Friday and Saturday, March 21, 22 and 23, and will demonstrate the excellent qualities of Batavia Coffee.

Batavia Canned Goods Showing

In connection with the demonstration of BATAVIA COFFEE we will also have a demonstrator for BATAVIA CANNED FRUITS AND VEGETABLES.

EVERYONE IS INVITED TO CALL on these days and sample these delicious food products. Remember the dates—next Thursday, Friday and Saturday.

SEED CORN PRICES TOO HIGH

The Department of Agriculture Warns That Profiteering Will Not Be Allowed

Washington, March 15.—The attention of the department of agriculture has been called to occasional high prices that are being charged for seed corn in certain localities. The department recognizes that the seed corn shortage would have an adverse effect upon the production of corn in 1918, and that the price of seed corn has an important bearing on the maintenance of acreage. Emphasis has been placed on the conservation of an ample supply of seed regardless of expense and effort to obtain it. It is not the intention of the department to indicate as unreasonable prices that are necessary to provide a fair return for all efforts that have been made to conserve seed. A fair price should be determined by the actual service performed in obtaining and conserving such seed.

Certain sections of the country, particularly east and south of the main corn belt, were more favored than the others by the fall conditions of 1917. The territory including Ohio, Indiana, Illinois, Northern Missouri, Northern Kansas and all the states north of these suffered most severely. Other sections of the country apparently can provide for their own requirements without great difficulty and therefore relatively lower prices in those sections should prevail.

The food administration has announced its intention to take such action as may be necessary to prevent speculation or profiteering on the part of seedmen. Upon receipt of specific information of extortionate prices being charged for seeds, such cases will b investigated and recommendation made for such action as the conditions require.

Along with the casualty lists from the other side wouldn't it be a good idea to publish also the marriage licenses. It would save a lot of suspense over here.

One who observes the examinations of jurors in an important trial must conclude that the best juror is the ignoratn man who never reads the newspapers and has no opinions of his own.

No matter what the world owes you, about the best you will get out of it is the expense of the funeral and the stone they put up to mark where you are taking your last rest.

The Irish are going to lose their reputation as fighters if they don't brush up. Of the first six Americans decorated for bravery in France only three were Irish.

You noticed, perhaps, that they had little trouble in identifying Archie Roosevelt in the casualty lists.

The Hopkins Journal has invoked the aid of the limerick to arous interest in oiling the streets. Won't they ever let the poor over-worked thing rest?

If authorities in the fashion world continue to simplify the clothes of women the time probably will come when they can really "dress in a minute" as she always promises.

THE RED CROSS NURSES OF EUROPE ARE GIVING TOASTED CIGARETTES TO THE BOYS

To anyone who doesn't know of the wonderful advances that have been made in the preparation of smoking tobaccos in the last few years it may sound strange to speak of toasted cigarettes.

Strictly speaking, we should say cigarettes made of toasted tobacco; the smokers of this country will recognize it more readily by its trade name, "LUCKY STRIKE"—the toasted cigarette.

The American Tobacco Company are producing millions of these toasted cigarettes and these are being bought in enormous quantities through the various tobacco funds conducted by the newspapers of the country and forwarded through the Red Cross Society to the boys in France.

This new process of treating tobacco not only improves the flavor of the tobacco but it seals in this flavor and makes the cigarettes keep better.

The Red Cross nurse is always glad to have a cigarette for the wounded soldier, as, in most instances, that is the first thing asked for.

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.
